10. [redacted] LEGISLATION Received a call from Mr. Jack Sands, House Merchant Marine and Fisheries Committee, Merchant Marine Subcommittee Staff, concerning H. R. 9998, the "Ocean Shipping Act of 1978," which the full Committee had marked up earlier today. Mr. Sands thanked us for our views letter to Representative Paul McCloskey (R., Calif.) on certain provisions in this legislation which, in conjunction with other reports on the bill from other agencies, provided the basis on which the troublesome provisions had been deleted. I thanked Mr. Sands for his assistance in having brought this matter to our attention.

11. [redacted] LEGISLATION Spoke with Bob Carlstrom, OMB, with regard to the Justice Department proposed testimony on H. R. 12071, the "Federal Accounting and Auditing Act of 1978." I indicated to Mr. Carlstrom that we had two problems with the testimony: first, CIA does not intend to present its views to Subcommittee, contrary to the Justice Department statement to that effect on page 5 of the proposed testimony; secondly, the Justice Department approach, linking the audit issue to the approach taken in the charter legislation, in our opinion, could prematurely lock the Administration position. Mr. Carlstrom agreed to have Justice delete the offending sentence on page 5. With regard to the charter issue it was agreed that a sentence should be inserted in the testimony to indicate that with regard to the charter legislation any views expressed in the testimony should be construed as those of the Justice Department alone; adding that the charter legislation is currently under review within the Administration.

R. 12240, the intelligence authorization legislation. [redacted] said he'd be sending an IC staff representative. 25X1 Substantively, [redacted] agreed with our assessed position on the matter of 25X1 Title IV of the bill.

14. [redacted] LIAISON Sent via courier to Mr. Perkins, in the office of Senator Bob Packwood (R., Ore.), two maps of Israel. This is in response to a request he made directly to the CIA map library.

15. [redacted] LIAISON Per his earlier request, sent the classified study entitled [redacted] dated 24 March 1978, to James Locher, Senate Armed Services Committee staff. This was previously cleared with NFAC/CSS.

16. [redacted] LIAISON Saw Jim Bush, House Permanent Select Committee on Intelligence staff, and delivered to him a large package of DDO materials on the Operating Directives and DDO reporting broken out by Operating Directive. I spent a few minutes with Bush explaining the origin of the Operating Directives and the significance of the Operating Directives to the DDO.

17. [redacted] ADMINISTRATIVE DELIVERIES Delivered invitations to the Director's 9 July party to: Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, Michael J. [redacted] LIAISON Saw Jeannie McNally, House Permanent Select Committee on Intelligence staff, and informed her that we would need the 30 November 1977 and 15 December 1977 transcripts for an additional few days in order to complete our review. She assured me there would be no problem with this.

19. [redacted] LIAISON Saw Loch Johnson, House Permanent Select Committee on Intelligence staff, who requested that I obtain for him a copy of a chart which reflects the International Activities Division and its various components. I have passed this requirement on to PCS/LOC.

I told Johnson that the individual responsible for [redacted] Deputy Chief, [redacted] said that he would prefer to receive the request for information [redacted] in writing and they would prefer to answer in writing in order to be absolutely certain that there would be no misunderstanding. Johnson said that he understood and a written request would be forthcoming.

International Relations Committee, in response to his request for a  
medical kit and a shortwave radio from James Lilley, NIO/China. Lilley  
had earlier given a background briefing to the Subcommittee on the  
People's Republic of China. I advised Palmer that, while we wanted to  
be helpful to the Committee and hoped that we had been by providing the  
briefing and other unclassified printed material, the two items he was  
requesting fell outside the area in which we could provide assistance to  
the Committee. Palmer said he understood and would seek the materials  
elsewhere.
